

# YEAR 1 ADDITION AND SUBTRACTION

Hello Blues fans! This worksheet is about addition and subtraction. All of the questions will be similar to what you are learning at school!

Before you answer the questions, we want to remind you of the symbol for addition which is +, the symbol for subtraction is – and when you know what the answer is, it is important to use the equal symbol which is =

My name is: \_\_\_\_\_ I am: \_\_\_ years-old

My favourite Town player is: \_\_\_\_\_

## ACTIVITY 1

Activity 1 is addition and subtraction using the shirt numbers of our players!

1.)  +  =

2.)  +  =

3.)  +  =

4.)

+

=

5.)

+

=

6.)

-

=

7.)

-

=

8.)

-

=

9.)

10.)

Bonus point: Earn a bonus point if you can work out what the shirt numbers of Nolan, Norwood and Jackson add up altogether to.

Well done! How did you do? I got \_\_\_ out of 11 correct.

## ACTIVITY 2

Ready for Activity number 2? Of course you are! This will include problem solving.

Top tip:

- 1.) If Norwood and Edwards have scored 16 goals between them this season and Norwood has scored 10 goals. How many goals has Edwards scored?
- 2.) Tomas Holy has played 14 games this season and kept a clean sheet in 8 of those 14 games. How many games did he not keep a clean sheet in?
- 3.) Kayden Jackson has scored 12 goals this season. He has scored 7 more goals than Teddy Bishop. How many goals has Jackson scored?

4.) Andre Dozzell has 13 assists this season. This is 6 more than Flynn Downes. How many assists has Flynn Downes made in total?

5.) If Ipswich have 18 points this season. This is 9 more points than Rochdale. How many points do Rochdale have?

Bonus point: Earn a bonus point if you can work out this question... If Downes, Dozzell and Judge have scored 20 goals between them and Downes and Dozzell scored 8 each, how many did Judge score?

Well done! How did you do? I got \_\_\_ out of 6 correct.

## ACTIVITY 3

We hope you are enjoying this so far. This is the final activity and it will be working on problem solving again. Fill in the blank shirt with the number. Even better if you know the player who wears that number!

1.)  +  = 21

2.)  -  = 5

3.)  +  = 26

4.)  -  = 7

5.)  +  = 24

Bonus point: Earn a bonus point if you can solve this problem. Jackson (9) + Chambers (4) = 13, what number do we need to subtract 13 by to get to Edwards' shirt number (7).

Well done! How did you do? I got \_\_\_ out of 6 correct.

Your overall score out of 23 was \_\_\_\_\_

We have more Year 1 Maths activities which are all Town themed on our Junior Blues website!
